Data provided above should be for School Year 2013-14 only for courses meeting NACEP's definition of **concurrent enrollment**: college credit-bearing courses taught to high school students by college-approved high school teachers. Accreditation applications should **only** include supporting evidence for NACEP-defined concurrent enrollment courses. Evidence of other types of dual enrollment is not to be included in the application.

Describe your program in this cover sheet. Include program history and development, whether mixed classes* are allowed and any restrictions placed on such classes, geographic extent, and who pays for courses (student, school, district, college, and/or state). Describe student admission criteria if program is not open admission. Include as a separate document a list of disciplines and the names of courses you offer within each discipline (an optional template is available on the NACEP website). You should use the list of disciplines that the Commission approved for your application as the basis for organizing your application - which should consistently provide evidence for each discipline for standards Curriculum 2, Curriculum 3, Faculty 3, and Assessment 1, 2, and 3.
