 - Preparation
 - Self-belief
 - Participation

Student Success

Engagement with instructor

Online Course at High School with Co-Teacher (Hybrid Model)

- Hybrid Course = A course in which some traditional face-to-face “seat time” is replaced by online learning activities. The purpose is to take advantage of the best features of both.

Online Course at High School with Co-Teacher (Hybrid Model)

HYBRID

Traditional

Online

Online Course at High School with Co-Teacher (Hybrid Model)

- (Lack of) Success by Delivery Type

Delivery Type	% F Grades	% W Grades	% Total F & W
Hybrid	6.25%	6.25%	12.5%
Online	11.68%	9.64%	21.32%
Traditional	6.78%	6.96%	13.74%

Goal

- High school students have access to college courses and programs through a variety of methods
- Develop a co-teaching model with a focus on the question

What about you is in the course?

Transitions Academy

- Two-day Event
- Focused on Teambuilding
- Explained Leading and Lagging Indicators
- Shared Best Practices for Concurrent Instruction

Transitions Academy

- Build, Connect and Partner –
Bringing Faculty Together
- Build, Connect and Partner –
*Leads to **Student Success***
