

National Alliance of Concurrent Enrollment Partnerships (NACEP) accreditation distinguishes high quality concurrent enrollment programs administered by institutions of higher education throughout the nation. To obtain NACEP accreditation, programs undergo an extensive self-study, carefully document how the program adheres to NACEP's *Standards*, and present evidence to peer reviewers from NACEP-accredited programs. NACEP's *Standards* promote the implementation of policies and practices to ensure that:

- College courses offered in the high school are of the same quality and rigor as the courses offered on-campus at the sponsoring college or university;
- Students enrolled in concurrent enrollment courses are held to the same standards of achievement as students in on-campus courses;
- Instructors teaching college courses through the concurrent enrollment program meet the academic requirements for faculty and instructors teaching in the sponsoring postsecondary institution and are provided discipline-specific professional development; and
- Concurrent enrollment programs display greater accountability through required impact studies, student surveys, and course and program evaluations.

For the academic year 2021-22, 131 concurrent enrollment partnerships hold NACEP accreditation. NACEP accreditation is valid for five years for initial programs and seven years for a re-accredited program
