High School Accountability Systems Incorporating Dual and Concurrent Enrollment

- ~ Annual measurable objectives in approved ESEA flexibility plan includes dual/concurrent enrollment
- ~ No measurable objective, but state differentiated recognition will continue to include dual/concurrent enrollment in calculations
- ~ Includes dual credit, but has not received a waiver

Additional Policy Innovations

- Integration and Transformation of **Career and Technical Education**
- Engaging Postsecondary Institutions in the Implementation of **Common Core State Standards**
- Early Accelerated Interventions to Reduce College **Remediation Rates**
- Establishing Clear Pathways to **College Completion**
- Harnessing Postsecondary Resources for **Transforming Low-Performing High Schools**
- Filling Critical **STEM** Professional Development and Curriculum Improvement Needs

Students taking dual enrollment courses

7.2% annual growth

10% of high school students nationwide

High schools offering dual enrollment

Quality Standards: NACEP in State Policy

- ~ State standards modeled on NACEP standards
- ~ State requires or incentivizes NACEP accreditation

NACEP Members Located in

NACEP Standards: Guiding Principles

A high quality concurrent enrollment program (CEP) is one where:

- College courses offered in high schools are **as rigorous** as courses offered on the sponsoring college campus
- **CEP students** are held to the same expectations and standards of achievement as on campus students
- **CEP instructors** meet the same requirements for on campus adjunct instructors, and are provided support by faculty in their discipline
- **CEP program oversight** is sufficient to ensure the academic integrity of its courses, regardless of where they are taught and by whom

Faculty Collaboration is Critical

- Instructors must be approved **by the academic department**
- Instructors must receive **course-specific orientation** prior to teaching the course
- Ongoing **annual, discipline-specific** professional development
- Mechanisms for alignment of **curriculum, assessments, and grading scales**
- **Faculty site visits** to ensure that the college course taught in the high school is the same as the course offered on campus

Consistent Expectations

- Students meet the same **academic criteria to enroll** in course (placement testing, course prerequisites)
- Courses must include same course **content, learning outcomes, and grading scales**
- Students must be **assessed** using consistent methods
- Course **registration and transcripting** is consistent with on campus procedures

Displaying Greater Accountability

Because of the added scrutiny that concurrent enrollment faces, programs can display greater accountability by:

- Conducting **end of course student evaluations** for every CEP course section each term, regardless of the frequency of on-campus evaluations
- Preparing **program evaluations** through surveys of participating instructors, guidance counselors, and principals
- **Research longitudinal student success**, including student alumni surveys
